**Day 4, Thursday** - This morning depart Derry and travel along the Antrim coast to Belfast, visiting the **Giant's Causeway** en route. The Causeway was formed more than 60 million years ago when red-hot lava erupted onto the surface of the earth & was cooled by the sea to form the columns which make up the Giant's Causeway. Legend tells a different story however that Finn Mac Cumhaill (McCool) built the Causeway over the sea to Scotland in order to fight his arch enemy, Fingal, who had started his own path. The two had never met before & when Finn heard the heavy footsteps of Fingal he turned back. Helped by his wife, Finn dressed up as a baby & when Fingal arrived & saw Finn, Fingal assumed the baby's father would be much bigger. This scared him & he went running home, destroying the causeway behind him. Continue to Belfast and enjoy a **guided tour of Belfast City**. This is an excellent way to discover Belfast City & will take in the leaning Albert Memorial Clock Tower (Ireland's answer to the leaning Tower of Pisa) & the Opera House, as well as passing City Hall, the Crown Bar (dating from 1885), Queens University & the Botanic Gardens. You will also visit the Harland & Wolfe Shipyard, where the Titanic was built & launched in 1912.)
