Sunday, Sept. 22, 2019 - West Sussex exploring Arundel

This morning visit **Arundel Castle & Gardens**. There are nearly 1,000 years of history at this great castle, situated in magnificent grounds overlooking the River Arun in West Sussex and built at the end of the 11th century by Roger de Montgomery, Earl of Arundel. The oldest feature is the motte, an artificial mound, over 100 feet high from the dry moat, and constructed in 1068: followed by the gatehouse in 1070. Under his will, King Henry I (1068-1135) settled the Castle and lands in dower on his second wife, Adeliza of Louvain.

You will also visit the ruins of **Blackfriars Priory** and **Arundel Museum**, a hidden gem of Arundel. Discover the earliest hominid inhabitants and the tools they used. The museum also covers the Dukes of Norfolk and the siege during the English Civil War in 1643.

If joining the Goble Reunion Extension depart Arundel for Bristol. En-route visit **Stonehenge**. The Neolithic stone circle of Stonehenge in the Wiltshire countryside is one of the most famous wonders of the world. Dating back to approximately 3000 BC, the circle of huge upright and horizontal rectangular stones continues to fascinate academics, spiritualists and visitors. How and why did hundreds of people transport five tonne stones from all over the South of England and Wales to create a monument that has no obvious function? A multitude of theories regarding the origins and purpose of Stonehenge abound – some serious and some a little hard to believe but all have their supporters. Stonehenge could have been an elite burial mound, druid temple or ancient observatory and may have been put there by ordinary people, aliens or by Merlin the mythical wizard. This fascinating stone circle can be toured with audio guides and the modern visitor centre includes over 250 artefacts, reconstructions of Neolithic houses, and a 360-degree audio-visual presentation that all help towards understanding the structure.

On arrival in Bath, visit the **Roman Baths**. The Roman Baths of the historical city of Bath are some of the best preserved Roman ruins in the world and it is even possible to wander around this vast leisure complex just as the Romans did over 2000 years ago. Built in AD70 over hot springs the Great Bath still receives over one million litres of hot water daily from the 12,000 year old Kings Spring below. An interactive museum, costumed characters and award-winning audio guides narrated by witty travel writer Bill Bryson are also available to bring the history of the baths to life. There's an opportunity to taste the spa water – a healthy drop containing 42 minerals and purported healing power if not a pleasant taste – or alternatively there is a café and grand restaurant in the old pump house called the Pump House Restaurant.

Continue on to Bristol and check into Mercure Bristol Grand Hotel. Dinner at your hotel is included this evening. Overnight, dinner, bed and breakfast. **(B,D)**

Tuesday, Sept. 24, 2019 - Bristol to Tiverton

Located in the centre of the city, there has been a Cathedral on the present site for nearly one thousand years. The building itself is a remarkable feat of engineering, design and craftsmanship. It has the longest stretch of unbroken Gothic vaulting in the world, stunning stained glass windows and an intricately carved image screen on the West Front.

Afterwards enjoy a **walking tour of Exeter** where you will visit some of Exeter's medieval churches and hear about strange burial practices as we wander over ancient cemeteries. Visit and hear about the unusual Victorian Catacomb. This tour takes you to areas within the city walls not often seen by visitors. Wednesday, Sept. 25, 2019 - Touring Cornwall

After breakfast you will travel to beautiful Cornwall where Doc Martin and Poldark are filmed. En-route visit **Tintagel Castle**. Immerse yourself in history, myths and stunning scenery at Tintagel Castle, set high on Cornwall's rugged north coast between Padstow and Bude. Inextricably linked with the legend of King Arthur, for centuries this dramatic castle and coastline has fired the imaginations of writers, artists and even the brother of a king. Now it's your turn to be inspired.

Enjoy leisure time in **Port Isaac**. You might know Port Isaac by another name, Portwenn from Doc Martin.

Journey through the **Dartmoor National Park**. For many filmgoers one of the strengths of the hugely successful *'War Horse'* was the bleak but beautiful backdrop of Dartmoor in Devon. Much of Steven Spielberg's film of the novel was filmed on the moor at Sheepstor and Meavy, and perhaps the most recognizable location is Ditsworthy Warren House, where Albert lived with his family. With locals pitching in as extras, and the wild, rolling Dartmoor landscape setting the tone of the film, Warhorse is intrinsically a part of

Dartmoor history. See for yourself the intensity of the moorland, protected by National Park status, and explore the windswept moors and secluded woods.

Return to your hotel. Enjoy dinner under own arrangements tonight. Overnight, bed and breakfast. **(B)**

Thursday, Sept. 26, 2019 - Tiverton to London

This morning depart Tiverton for London taking a **scenic drive through of the Blackdown Hills** en-route. The Blackdown Hills form a tranquil, beautiful, and relatively isolated landscape on the Devon and Somerset border. Steep ridges, high plateau, valleys and springs create a charming mosaic of countryside dotted with farms, villages and ancient features.

Visit **Salisbury Cathedral**. Medieval Salisbury Cathedral may sit serenely within eight acres of manicured lawns in the Wiltshire countryside but it also has a hugely important place in the history of Britain's architecture, religion and politics. This Gothic cathedral boasts Britain's tallest spire, (123 metres / 404 ft), and largest close, quire and cloisters plus the world's oldest working mechanical clock. Within the restored Chapter House lies one of only four copies in existence of the Magna Carta.
